**Goals of our
Industry Advisory Board**

The Smithtown Central School District's "Industry Advisory Board" is composed of more than 150 representatives from the business, government, parent and education communities. The advisory board:

- Provides verbal and written support for educational projects.
- Provides advice concerning labor market trends, equipment, materials and training methods.
- Participates in activities that directly impact students, i.e. Cooperative Work Experience, School/Industry Partnerships, internships, mentors, guest speakers, field trips.
- Assists in creating new instructional materials.
- Assists professional staff in updating knowledge and methods.

The Board meets six times a year at Smithtown High School, Fridays, 8 - 10 a.m.

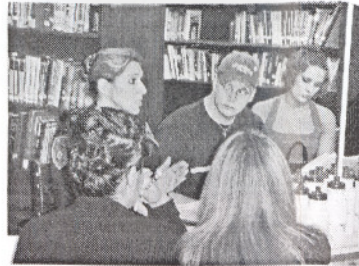

Benefits to Business

- Advisory board members have direct contact with students through participation in K-12 career fairs, classroom workshops and presentations.
- Gain community name recognition, reaching students, parents and educators.
- Enhance your corporate image and corporate citizenship.
- Invigorate your organization through diverse relationships.
- Enhance your employee morale.
- Connect to future employees.
- Motivate your staff and enhance employee skills.
- Create links with schools for internships.
- Communicate industry needs/skills in the workplace.
- Undertake joint projects, such as beta testing, at school site.
